WORK EXPERIENCE

Datto - Product Management Intern – Norwalk, Connecticut

June 2019 – August 2019

- Discovered redundancies in ~18% of 7200+ deployed SIRIS cloud seeding devices by analyzing patterns from Adminer SQL queries
- Achieved ~\$145,000 cost savings in hardware by switching active backplanes to passive and redefining cloud seeding policy
- Prolonged 9% OS Drive SSD life by reducing ~20 GiB written per day by analyzing time-based FTL program/erase cycles vs TRIM runs

Barclays - Product Management Intern – Western Cape, South Africa

June 2018 - August 2018

- Identified two major UI/UX bottlenecks by benchmarking session retention times on internal platforms over ~15,000 impressions
 - Achieved a 17% increase in effective screen flow from replacing ~20 features by converting insights from A/B and usability tests
 - Pioneered the "Younglings" initiative, onboarding 30+ underprivileged South African students into software engineering
-

TECHNICAL PROJECTS

Anderson Product Innovation Challenge 2018

Technologies Used: InVision, Abstract, HTML/CSS/Bootstrap, Trello

- Ranked 2nd place out of 14 teams with our product, Head2Toe, an app to facilitate communication and transfer of medical EHRs
- Spearheaded three InVision prototypes over two scrum iterations, implementing features based off 50+ interviews with med experts
- Proposed business and implementation models based off research with HIPAA compliance and current healthcare trends

GameMaker Project 2018 - Creative Labs UCLA

Technologies Used: GameMaker GML, Python, Trello
